

We would like to tell you we are not happy with the LPFM proposed rule changes. K-Love serves our family and community with positive music and without the adult content on other radio stations. We are financial supporters of K-love and it is the only music radio station we listen to. Our 3 yr had been repeating the adult lyrics and jokes on other stations, and as thoughtful parents, we thought to turn to K-Love. We do not want our children talking about blow jobs and the sort, which was the content of one particular joke our 3 yr old repeated from a local FM station. We believe that K-love is vital to our community and our nation in supporting family values with only positive messages and without adult content. Hundreds of thousands of people listen to K-love, as proved by the fact they are only maintained through listener support. It would be devastating not to our community to lose K-Love's positive reinforcement of values. And for these reasons and numerous others we think that K-love is in the best public interest of not only our family, but our nation. Please do not force K-Love off the air in our community by making LPFM a priority over FM translator service. Thank you, Bryon and Kristi Snapp
